Dennie will find out about the cost of insurance. Rumors are that we may lose the use of the building up on Hamaker. The receiving antenna is loose at the base and should be repaired before next winter. Dennie also reported that the 145.25 repeater has been repaired by the manufacturer. It works fine now. Ruth will buy condiments, and the rest is potluck. Henry will bring tables and everyone attending is asked to bring their chairs and table service and a dish for the potluck. No report on Field Day.
